TerraShield® | Repellent Blend

15 mL

60214386

30 mL Spray

60214387

Primary Benefits

- + Repels mosquitoes naturally with proven essential oil blend
- + Delivers an invigorating aroma
- + Provides skin-soothing benefits

Description

Whatever the outdoor activity, TerraShield helps keep pesky insects away. This effective, natural blend combines CPTG® Citronella, Lemongrass, Thyme, Cedarwood, Geranium, and Peppermint essential oils in a sesame seed oil base. With a naturally fresh, woody aroma. Used topically, TerraShield discourages mosquitoes and is safe and gentle enough for the entire family. Prepare for every summer adventure with TerraShield Repellent Blend, an ideal outdoor companion.

Uses

- + Apply to legs, arms, and neck before going outdoors.
- + Take on camping trips or to outdoor events.
- + Toss a bottle in the kid's summer camp bag.

Directions

Blend: Apply to desired areas before outdoor activity. Dispense 4-5 drops into hands at a time.

Spray: Spray on desired areas before outdoor activity. Hold container 6 to 8 inches from skin or clothing and spray with a slow sweeping motion.

Use just enough repellent to cover exposed skin and/or clothing. Spread the product evenly with hands if needed to cover all exposed skin. Reapply every 4 hours as needed. Do not allow children to handle this product. Do not apply to children's hands. When using on children, apply to your own hands and then put it on the child. Do not apply over cuts, wounds, irritated, or sunburned skin. After returning indoors, wash treated skin with soap and water. Possible skin sensitivity.

To apply to face: Dispense 2-3 drops or spray into hands first and then apply sparingly and avoid eyes. Do not apply directly onto face. Do not apply near eyes and mouth. Apply sparingly around ears.

Cautions

Keep out of reach of children. If pregnant or under a doctor's care, consult your physician. May cause mild eye irritation. Avoid contact with eyes, inner ears, mouth, and sensitive areas. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals. In case of eye contact, flush eyes with plenty of water. In case of skin irritation, wash thoroughly with soap and water. If eye or skin irritation persists, consult your physician.

See individual labels for more information.
